Product Description

This premium lifetime warranty product is manufactured by Gruber, the leading US cabling products manufacturer.

These Rack Mount Adjustable Rails Kits are a great way to rack mount devices without mounting hardware. Both depth and width are adjustable. Dependent on the rack used, either 19" or 23" or any custom width, with a **2.5" ledge**, you will be able to ensure the safety of your equipment. The rails are constructed from premium Cold Rolled Steel and finished in a durable black powder coating finish. All hardware is included.

These Steel Rack Mount Adjustable Rails support up to 200 lbs when installed on a four-post rack or cabinet, up to 33.25" deep. They can be installed in 19", 23", or 30" wide cabinets. Both 10-32 and 12-24 mounting screw kits are included allowing mounting using either thread pattern. And finally, our quality allows us to offer LIFETIME WARRANTY.

The shelf kit consists of:

- Right Adjustable Rail System - (From 20.25" to 33.25" Depth)
- Left Adjustable Rail System - (From 20.25" to 33.25" Depth)
- Individually Packaged in Heavy Cardboard Box and Wrapping
- Mounting Hardware Kit - 8) 10-32 1/4" - 8) 12-24 5/8" - 8) 10-32 5/8"
- Durable, Industrial Black Satin Powder Coating
