Easy To Use: Just 1 - 2 - 3

Easily Create Signage With SaviSign Manager Software

Choose from a variety of pre-loaded, fully customizable templates. Drag and drop HD images and video, then set up custom schedules. Create custom playlists and watch signage come to life in mere minutes!

Upload Signage via USB or the internet

Using SmartAVI's easy to use SaviSign Manager, users can send their ideal signage creation to any connected SignWare-Pro 2 player directly via USB or anywhere in the world via internet connection.

Plug in SignWare-Pro 2 to Any Display Screen

Once ideal signage boards are uploaded to the player, simply plug the SignWare-Pro 2 into any HDMI-ready display and watch as the digital menu board comes to life! Bound to amaze patrons and onlookers alike!

SignWare-Pro 2 excels in...

Digital Information Kiosks and Directories

Present helpful information or valuable advertising content on dynamic information boards and digital directories. Change information at any time for accurate, on-the-spot presentations for added value in any signage environment.

Malls and Retail Spaces

Large retail malls and storefronts are exceptional showcases for digital signage boards. The SignWare-Pro offers signage creators in such environments outstanding tools to gain customer interest with vivid, engaging digital menu boards.

Schools, Colleges, and Universities

Establish a deeper connection to student bodies and faculty members. Make sure everyone is up to date on upcoming events and activities with digital signage. Offer helpful tips during trying exam times, or promote healthy outlooks on education for teachers and educators.

Restaurants

The SignWare-Pro 2 the perfect signage solution for digital menu boards in eateries of all kinds. Coffee shops, bars, restaurants, and even food trucks are ideal spaces for the SignWare-Pro 2, which is compact and internet-ready for remote network command. Adjust prices, specials, and every facet of any menu on the fly for amazing results!

Manage Multiple **SignWare-Pro 2** Players via the Internet!

Update and manage SignWare-Pro 2 units from anywhere over the internet using SaviSign Manager software. SaviSign Manager's Station Manager function makes it easy to send signage boards to multiple SignWare-Pro 2 players simultaneously by adding each player's unique IP address to a list of connected signage players. From there, users can send signage to each selected unit, or all at once, from anywhere in the world over the internet: simple!

Easy to own

SignWare-Pro 2 is one of the most cost effective products of its kind on the market. But don't let the low price fool you: SignWare-Pro 2 has advanced processing power that allows for higher-grade signage filled with HD content of all kinds.

Easy to set up

SignWare-Pro 2 is a plug-and-play solution, so users can start sending signage to their displays as soon as the player is hooked up to the screen. Better yet, the SignWare-Pro 2 comes with SaviSign Manager software, which is easy to use with intuitive click-and-drag operation and simple scheduling interfaces for signage creation on the fly!

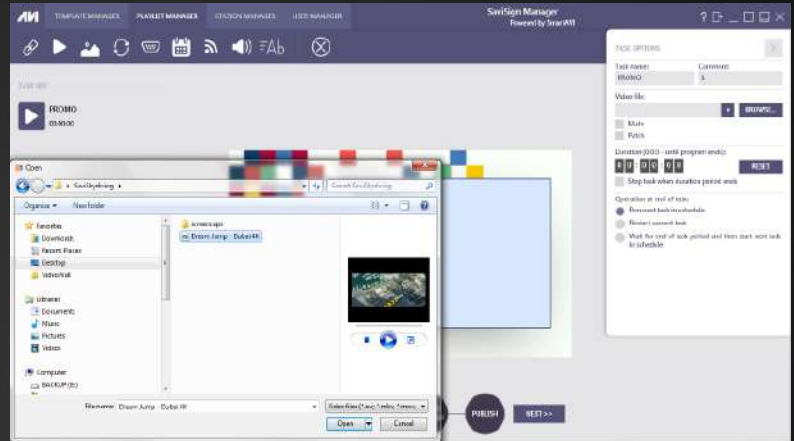

Easy to use

SmartAVI developed SignWare-Pro 2 with the common user in mind. SaviSign Manager is ideal for users of any technical skill level and loads of fun!

Create Amazing Menus With **SaviSign Manager Software**

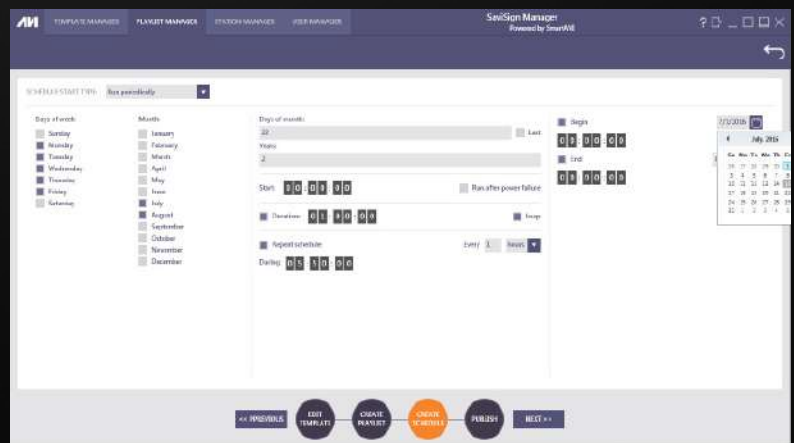

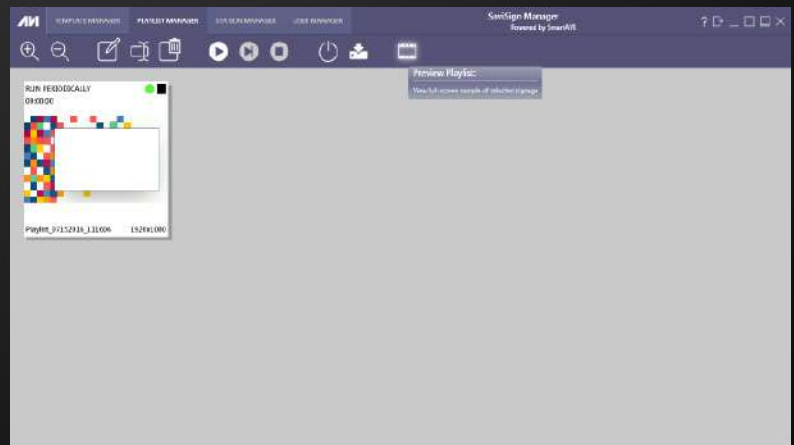

Choose or Craft a Template

- Choose from a variety of pre-loaded templates to best fit your signage needs.
- Customize the size and placement of media drop-zones.
- Create a playlist filled with HD video, imagery, audio, web-based content, and more!
- Set customized backgrounds and add branded content ideal for advertising purposes for enhanced value.

Create a Schedule

- Schedule the delivery of content so that screens display the right menus and signage boards at the right time.
- SaviSign Manager guides users through the scheduling process to make it easier than ever to create the best schedule possible.
- Choose which days, months, and time of day to play content and when to repeat the schedule.
- Schedule content up to a year in advance.
- Adjust schedules at any time, then send them to SignWare-Pro 2 when they are ready.

SignWare-Pro 2 Specifications

At **SmartAVI**, we take pride in creating powerful AV solutions that are easy to control and fun to use! The SignWare-Pro 2 is a plug-and-play signage solution, ready for use right out of the box: simply plug the unit into a display, power up the device, and send signage to the player via USB or internet connection.

The SignWare-Pro 2 also comes packaged with a copy of our latest SaviSign Manager software, which makes creating ideal signage boards simple and a blast!
